

Visit of the Sisters from the Enlarged Council to the Community of St Peter, La Florida (Santiago)

Despite the shortage of time, this was a beautiful meeting with sharing that was full of feeling. We thank each of the Sisters who took part in the Enlarged Council. They came to work and as well as that they gave us great joy. May God bless our Congregation and always give us the wisdom to know how to work with Him so He can make of us true collaborators.

Visit of the Sisters from the Enlarged Council to the Community of Graneros

The Sisters came to visit our Community in March. We were happy to welcome them and to talk to them. We went out with them to show them where we live and to visit the area. Then we celebrated Mass with them.
